

SASAN SAHAMI

PROFESSIONAL SUMMARY

A dynamic and innovative Aerospace engineer, with over a decade of experience in Medical Logistics management.

Recently, earned a certificate in full stack development from the University of Sydney, with newly developed skills in JavaScript, CSS, React.js, MongoDB and responsive web design.

Known as a problem solver individual, passionate about developing apps, with a focus on mobile and web design.

With each project, my aim is to best understand the needs of the client and engage my audience for an impactful user experience. I applied principles of UX and agile development in my recent project. I developed a single-page MERN diary platform app that captures notes and pictures with the ability to share amongst users.

I'm excited to leverage my skills as part of a fast-paced, quality-driven team to build better experiences on the web.
